This document gives instructions for authors to prepare the "showcase" manuscript as well as an example.

Authors are requested to provide the "showcase" manuscript which will be printed in the conference program book. The "showcase" manuscript is free format and the area size of each manuscript is 180mm (width) x 60mm (height), excluding the above area for paper title, authors' name and affiliations.

The authors may put any text and figures in this frame, but are not permitted to change the size of the frame. The contents in this frame will be photocopied to the program book. If your manuscript is larger than the designated size (180mm (width)x60mm (height)), it will be scaled down proportionally so that it will fit.

The usage of font sizes not smaller than 9 pt. is recommended so that your manuscript is readable.

A template for the manuscript can be downloaded from http://pssc2019.jp/042_author-resources/
